CONTENTS

Page

- **Cao Thi Thu Hien.** Constructing mortality models for natural forest state III in four provinces of the central region, Vietnam 3-13
- **Bui Manh Hung, Vo Thi Phuong Nhung, Dong Thi Thanh.** Community characteristics and contribution level of agro-forestry activities on income of households in Ba Vi commune, Ba Vi, Hanoi 14-25
- **Khot Chesda, Bui Manh Hung.** Analyzing of forest cover change using multi-temporal satellite images in Phnom Tamao zoological park, Cambodia 26-33
- **Le Van Long, Phung Thi Tuyen, Le Ba Toan, Pham Xuan Quy.** Natural regeneration characteristics of tropical evergreen moist close forest in Tan Phu area of Dong Nai province 34-42
- **Nguyen Thi Bich Phuong, Doan Thi Hoa.** Structural and biodiversity characteristics of natural forests in Muong Phang historical monument, Dien Bien province 43-52
- **Thai Thi Thuy An, Ly Tien Lam, Nguyen Hai Hoa, Le Thai Son, Nguyen Van Hung.** Using landsat imageries for particle pollution mapping in Hanoi city 53-61
- **Ngo Duy Bach.** Powerful actor identification in community forestry via actor-centered power theory: case study in Son La province 62-70
- **Tran Quang Bao, Le Sy Hoa.** Using sentinel satellite image to estimate biomass of mangrove forest in Vinh Quang commune, Tien Lang district, Hai Phong city 71-79
- **Nguyen Thi Thu Hien, Duong Van Hung, Nguyen Hai Hoa, Dang Hoang Vuong.** Diversity of medicinal plant resources used in some ethnic minority communities in Yen Ninh commune, Phu Luong district, Thai Nguyen province 80-89
- **Ta Thi Nu Hoang, Nguyen Minh Quang.** Some biological and ecological characteristics of *Callerya speciosa* (Champ.) Schot as the scientific basis for rare and valuable medicinal plant preservation 90-97
- **Vuong Duy Hung, Hoang Tien Quyen.** *Spiradiclis spathulata* (Rubiaceae), a newly recorded species from Vietnam 98-103
- **Nguyen Tuan Nam, Luu Quang Vinh.** New record of *Theloderma annae* Nguyen, Pham, Ngo, Nguyen, Ziegler, 2016 (Anura: Rhacophoridae) from Ninh Binh province, Vietnam 104-110
- **Tran Le Kieu Oanh, Le Sy Doanh, Le Sy Hoa.** Application of geographic information system in potential assessment of *Hevea brasiliensis* plantation development in Binh Phuoc province 111-121
- **Luu Quang Vinh, Nguyen Thanh Tung, Dong Thanh Hai.** Discovery of a new population of *Cyrtodactylus soni* Le, Nguyen, Le & Ziegler, 2016 from Ha Nam province 122-126
- **Trinh Hien Mai, Adam Redman.** Characterisation of acacia and eucalyptus plantation wood for veneer production in Vietnam 127-135
- **Nguyen Thi Thanh Hien, Tran Van Chu.** Effects of rosin sizing agent on the dimensional stability of *Styrax tonkinensis* wood 136-143
- **Hoang Xuan Nien, Nguyen Minh Hung.** Research on some technical factors of manufacturing composite from coir fiber and waste tire chips with urea-formaldehyde resin as a substrate 144-154
- **Trinh Hien Mai.** Water and moisture related properties of beech (*Fagus sylvatica* L.) veneer treated with silicone compounds 155-163
- **Pham Van Tinh, Hoang Son, Giang Quoc Nam.** Study on designing the automatic system controlling pump head in water supply systems 164-172
- **Vu Thi Minh Ngoc, Le Thi Hoa.** Employment and income of labor returning from working oversea at Dong Khe commune, Dong Son district, Thanh Hoa province 173-182
- **Pham Thanh Que, Pham Phuong Nam, Nguyen Nghia Bien.** Community forest management (CFM) in Hoa Binh province: status and solutions 183-192
